Width:

35.0 centimeters

Length:

43.0 centimeters

Base Material:

Plastic, polyester

Base Color:

Clear

Emulsion Sensitivity:

Green

Contrast Rating:

High

Paper Interleaving Application:

Non-interleaved

Product Name:

Film radiographic plas 43x35cm use w/lasers w/infrared diodes 500s

Special Features:

For use with laser printers with infrared laser diodes.

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T140-b
