Width:

35.000 centimeters

Length:

35.000 centimeters

Product Name:

Film radiographic 35x35cm insight vhc 4138 itc1 100s

Special Features:

Insight vhc 4138 itc1; excellent exposure tolerance; superior quality film tht provides the hospital with increased diagnostic confidence whilekeeping ordering and stocking of films simplified; high resolution; extended latitude; for general radiography through the use of low crossover technology

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T140-b
