Product Name:

Transcreen intensifying le 35x43 cm (1) screen

Special Features:

Kodax biomax transcreen le intensifying (single screen) 1 c-2 so-885; for low and medium energy isotopes; provides increased sensitivity for all isotopes; thinner phosphor layer than transcreen he offers greater resolution for 32p and 125i

Length:

14.000 inches

Width:

17.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T140-k
