Product Name:

Transcreen intensifying le 8x10 inches (1) screen

Special Features:

Kodax biomax transreen le intensifying (single screen) 1 c-2 so-885; for low and medium energy isotopes; provides increased sensitivity for all isotopes; thinner phosphor layer than transcreen he screen offers greater resolution for 32p and 125i

Length:

8.000 inches

Width:

10.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T140-k
