Dental X-ray Apparatus - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6525-01-513-4779

Design Type:
Any acceptable
Tube Mounting Type:
Extension bracket
Product Name:
Dental x-ray apparatus model gx-1000
Voltage In Volts:
120.0 and 130.0
Phase:
Single
Special Features:
Adjustable kvp; selectable ma; three tubehead capability from single control; heavy duty suspension arm; exposure time selections: 3
mpulses to 3 seconds; 50 to 100 kvp; 10 or 15 ma; line voltage: 110-130 vac, 60hz; duty cycle: 4 exposure seconds per minute
Frequency In Hertz:
60.0
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiig:
Т140-с
