Overall Length:

3.250 inches

Overall Height:

0.900 inches

Overall Width:

2.300 inches

End Application:

Used on intraoral image acquisition system

Current Rating:

250.000 microamperes

Wattage Rating:

1.250 watts

Voltage In Volts And Current Type:

5.0 dc

General Description:

Computed dental radiography usb high speed remote w/sensor and cable; wall mtd w/fasteners or velcro adhesive; requires windows xp/2000, 1 ghz pentium iv, 512 mb ram; connected by usb cable to compatible pc workstation; uses software, typically cdr dicomm, which allows workstation to display, store, manipulate and print cdr sensor images; requires rf disturbance controls

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
