Current Rating In Amps:

5.0 or 10.0

Design Type:

Stationary

Voltage In Volts:

230.0

Special Features:

Compact single cassette computed radiography system; integrates central database w/multiple workstations; high quality image; w/touchscreen, bar code scanner; remote operations panel; requires 3 power outlets for monitor/computer; emi filter; 10 ft cord; 328 ft maximum cable; op temp 15 to 30 degrees c; lgth 23.750 in; width 19 in; ht 40 in

Frequency In Hertz:

50.0 or 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T140-c
