Overall Length:

12.125 inches

Overall Height:

5.250 inches

Overall Width:

12.250 inches

End Application:

6525-01-611-7174 x-ray apparatus, radiosopic and fluoroscopic

Universal Medical Device Nomenclature System Code:

18859

Printer Type:

Thermal

Features Provided:

Cable and instruction manual

Unit Design:

Portable

Product Name:

Imager dry processing device code 18859

Interface Type:

Usb

Special Features:

Thermal printer with analog and digital interface; 256 graduations of gray scale; 325 dpi; 110/220 v, 50/60 hz; designed specifically for use with c-arm x-ray systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A559r0
