End Application:

6525-01-618-1261 meter, x-ray calibrator

Product Name:

R/f detector

Special Features:

Radiography and fluoro detector; for use with raysafe xray test and measurement device, model xi platinum, nsn 6525-01-618-1261; capable of measuring kvp, dose, dose rate, pulse, pulse rate, dose/frame, time, hvl, total filtration and waveforms simultaneously

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
