Current Type:

Ac

Accessory Components And Quantity:

Cover-1; mineral, light, 1 gallon; mobile stand-1; paraffin, 53 pounds; thermometer, 30.0 to 220.0 degrees fahrenheit range-1

Material And Location:

Steel, corrosion resisting tank

Input Voltage Rating In Volts:

115.0

Input Frequency Rating In Hertz:

Between 50.0 and 60.0

Input Wattage Rating In Watts:

1000.0

Tank Length:

30.500 inches

Tank Width:

15.500 inches

Tank Depth:

10.000 inches

Control Temperature Range:

+120.0 to 135.0 degrees fahrenheit

Product Name:

Bath paraffin 115 v 50-60 hz ac30.5x15.5x10" 120/135 degrees f

Special Features:

W/mobile stand and floating thermometer; charge for bath consists of 53 lb of paraffin and 1 gal mineral oil; for replacement thermometer order nsn 6685-00-710-2855; for paraffin, order 6505-00-133-4483; for light mineral oil, order 6505-00-664-0441; used for arm, hand and foot bath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-c
