Current Type:
Ac
Accessory Components And Quantity:
Cover-1; mineral, light, 1 gallon; mobile stand-1; paraffin, 53 pounds; thermometer, 30.0 to 220.0 degrees fahrenheit range-1
Material And Location:
Steel, corrosion resisting tank
Input Voltage Rating In Volts:
115.0
Input Frequency Rating In Hertz:
Between 50.0 and 60.0
Input Wattage Rating In Watts:
1000.0
Tank Length:
30.500 inches
Tank Width:
15.500 inches
Tank Depth:
10.000 inches
Control Tempurature Range:
+120.0 to 135.0 degrees fahrenheit
Product Name:
Bath paraffin 115 v 50-60 hz ac30.5x15.5x10" 120/135 degrees f
Special Features:
W/mobile stand and floating thermometer; charge for bath consists of 53 lb of paraffin and 1 gal mineral oil; for replacement thermometer
order nsn 6685-00-710-2855; for paraffin, order 6505-00-133-4483; for light mineral oil, order 6505-00-664-0441; used for arm, hand and
foot bath
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T107-c
