**Product Name:**

Ultrasonic apparatus & muscle stimulator 115v 50/60hz portable

**Special Features:**

Portable ultrasonic therapy device; 115 v, 50/60 hz, ac: radiation at frequency between 0.8 to 1.0 mhz; pulse output power 20 watts; variable rate from 5 to 60 pulses/sec; provided w/transducer applicator; portable electric muscle stimulator for physical therapy treatment; 115 v, 50/60 hz, ac: c/o low voltage muscle stimulator and galvanic dc generator, adjustable from 0.0 to 50.0 ma; interrupted rate selectable from 1.0 to 60 pulses/sec; reciprocal rate selective from 1.0 to 6.0 pulses/sec; 1.0 to 15 min timer; w/4 applicator pads; for use in field assemblies

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T265-c
