Inside Diameter:

Between 8.000 inches and 10.000 inches

Mounting Type:

Table

Overall Length:

24.000 inches

Overall Height:

18.000 inches

Overall Width:

20.000 inches

Current Type:

Ac

Inside Length:

15.500 inches

Accessory Components And Quantity:

Service manual, 2 ea; operating/instruction manual, 2 ea.

Voltage Rating:

120.0 volts and 230.0 volts

Heating Method:

Electrical

Heat Transfer Method:

Pressure steam

Product Name:

Sterilizer surgical instrument and dressing 120/230v 1350w ac

Special Features:

Vauto; single shell; portable; reusable container; elec heated; encased in cab w/oper control and valves; water reservoir; maintains temp of 270 degrees f for 5 min and 250 degrees f for 20 min; withstands chamber pressure of 60 psi and incl a safety valve set at a pressure of 35 and 45 psi; visible signal device mtd on face panel; enclosed top-loading reservoir w/spill proof cover holds water sufficient for 10 cycles; 6-ft 3-conductor line cord w/3 prong male plug; removable tray and rack

Material:

Metal, corrosion resisting

Supplementary Features:

Used for sterilizing dental and surgical instruments and dressings in military field medical facilities.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T265-c
