Product Name:

Ultrasonic apparatus & muscle stimulator 115v 50/60hz portable

Special Features:

Portable; ultrasonic; 115 v 50/60 hz, ac: radiation at frequency between 0.8 to 1.0 mhz, pulse output power 20 watts; variable rate from 5-60 pulses per second; provided w/a transducer applicator; portable muscle stimulator 115 v 50/60 hz, ac: c/o low voltage muscle stimulator and galvanic dc gen; adjustable from 0.0 to 50.0 ma, interrupted rate selectable from 1.0-60.0 pulses per sec; reciprocal rate selectable from 1.0 to 60.0 pulses/sec; 1.0 to 15.0 min timer; w/4 applicator pads; consistent with electrical provisioning in latest edition of mil-d-42048

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T265-c
