Overall Length:

10.000 inches

Wattage Rating In Watts:

1000.0

Overall Height:

14.440 inches

Overall Width:

10.500 inches

Current Type:

Ac

Accessory Components And Quantity:

Pressure gage-1; sight window-1; drain cock-1; elec receptacle-1; pressure relief assmy-1; safety valve-2

Voltage Rating:

110.0 volts

Heating Method:

Electrical and fuel

Product Name:

Sterilizer surg instr dress: pres extr htcdcrs 12-1/2 by 12-1/2in

Special Features:

Heat transfer method: steam pressure. Water reservoir capacity for at least 2 complete cycles.

Material:

Metal, corrosion resisting

Supplementary Features:

Round chamber, 7.5 in. (19.05 cm) in diameter by 10 in. (25.4cm) deep; one tray 6-3/8 in. (16.19 cm) wide by 10 inches (25.4cm) deep by 2-3/8 in. (6.03 cm) high

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T265-c
