**Overall Length:**

10.000 inches

**Wattage Rating In Watts:**

1000.0

**Overall Height:**

14.440 inches

**Overall Width:**

10.500 inches

**Current Type:**

Ac

**Accessory Components And Quantity:**

Pressure gage-1; sight window-1; drain cock-1; elec receptacle-1; pressure relief assmy-1; safety valve-2

**Voltage Rating:**

110.0 volts

**Heating Method:**

Electrical and fuel

**Product Name:**

Sterilizer surg instr dress: pres extr htdcrs 12-1/2 by 12-1/2in

**Special Features:**

Heat transfer method: steam pressure. Water reservoir capacity for at least 2 complete cycles.

**Material:**

Metal, corrosion resisting

**Supplementary Features:**

Round chamber, 7.5 in. (19.05 cm) in diameter by 10 in. (25.4cm) deep; one tray 6-3/8 in. (16.19 cm) wide by 10 inches (25.4cm) deep by 2-3/8 in. (6.03 cm) high

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T265-c
