Product Name:

Ventilator crt'l care press lmt pneumatically oper 120v 50/60 hz

Exterior Container Weight:

38.00 pounds

Special Features:

(cont'd from text); support arm, patient breathing cir; patient breathing cir, reusable; pole, iv stand; stand, ventilator, mobile w/casters; cover, front panel protective; air compressor assembly w/castered cab, incl low pressure, high temp, power interruption alarms and auto switchover for air supply failure; transport pkg stand, incl btry, charger pack, quad yoke manifold w/regulators and supports for 2 02 cyl and 2 air cyl; wall mt pkg incl brackets and supports

Unit Of Issue Cube:

1.125 cubic feet

General Description:

Vol cycled; pressure limited; pneumatically oper; microprocessor controlled; 120 v, 50/60 hz, ac or 12 v, dc; 50 psig gas power supply; w/assist, control, synchronous intermittent mandatory ventilation (simv), and cont pos airway pressure (cpap) modes; for adult and child patient's; note: for complete oper ventilator meeting the requisitioner's req, the following compatible aces w/mtg brackets, power cord, hoses, etc are avail for selection; requisitioner should specify aces req: air/oxygen blender; heated humidifer; monitor, vol, tidal vol, min vol, breath rate, and flow, faulty sensor conn, power failure, and monitor inop; air inlet filter and watertrap; interface module, rs232 ser printer; consumable items

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
