Overall Length:

60.000 inches

Wattage Rating In Watts:

225.0

Overall Width:

24.000 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

Voltage Rating:

115.0 volts

Features Provided:

Sealed motor and motor/pump housing combination

Special Features:

Disposable; inner layer bonded to outer nonwoven covering; unit q type 20

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T087-a
