Overall Length:

14.000 inches

Overall Height:

0.725 inches

Overall Width:

15.500 inches

General Description:

Warm air unit; 5 micron filter; helps prevent hypothermia in surgical and postoperative patients; convective air therapy; built in safety systems microprocessor based; easy to use controls; mobile and easily stored; lo 90 degrees f; med 100 degrees f; hi 110 degrees f output temps; adjustable handle extends to 33.400 in

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
