Product Name:

INDI-CA-TOR-STER

Special Features:

Biological; rapid readout; steam sterilization; 27 degrees f/132 degrees c; (bacillus stearothermophilia); for monitoring vacuum steam sterilization process and providing readout in 3 hours; for use with 3m attest auto reader with incubator, nsn 6530-01-510-4685, and can be used with log book indicator, sterilization nsn 6530-01-458-7685; depeds item for cms, d302

Supplementary Features:

System can also be used in the laboratory

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T396-a
