Product Name:

Power distribution system electrical uninterruptible 1.8 kva

Exterior Container Weight:

128.00 pounds

Special Features:

Uninterruptible power system; power: 1.8 kva; 1300 watts; expandable; includes internal battery for 14 minutes at full load, 37 minutes at half load; size: 8 1/8 in. W by 17 1/2 in. D by 17 1/2 in. H; audible noise: 50 db at full load; protection for pc's, workstations, individual lan nodes, telecommunication systems and any mission critical microprocessor controlled equipment

Unit Of Issue Cube:

1.44 cubic feet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
