Overall Length:

13.400 inches

Overall Height:

4.300 inches

Voltage In Volts And Current Type:

115.0 ac

Product Name:

Ultrasonic apparatus physical therapy 13.4x4.3in 115v ac

Special Features:

Larger applicator for treating backs, necks, knees and shoulders; portable; water tight seal for underwater treatments; ultrasonic applicator, piezoelectric disc: output transducer utilizes a barium titanate disc with a coated face

General Description:

Sonicator 716 has one 10cm 2/1.0 mhz applicator and a detachable applicator cable; depth 6.0 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
