Shelf Quantity:

2

Features Provided:

Manual operation

Closure Method:

Verti-glide single door

Product Name:

Surgical sterilizer vacuum/gravi type 21x21x38 in. 22 cycle

Special Features:

Employ both gravity/downward displacement with positive pulse conditioning and pressure/vacuum pulsing for dynamic air removal; 22 cycles accessed in 2 easy steps, custom cycle names can be designated during installation; audible and visual notification of deviation from certain operating parameters; selectable temp range from 230 to 275 degrees f and 219 to 275 degrees f for liquid cycles; 21x21x38 in.

Material:

Steel, corrosion resisting

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T265-c
