Inside Diameter:

10.000 inches

Overall Length:

17.300 inches

Wattage Rating In Watts:

1500.0

Overall Height:

16.100 inches

Overall Width:

18.900 inches

Current Type:

Ac

Inside Length:

13.000 inches

Voltage Rating:

110.0 volts

Individual Motor Quantity:

1

Motor Current Type:

Ac

Motor Voltage In Volts:

110.0

Heating Method:

Electrical

Closure Method:

Autoclave safety door opened by touch of button

Product Name:

Sterilizer surgical instrument and dressing quantim 16

Special Features:

Seamless chamber; holds up to six open instrument trays, three 8x11 instrument cassettes, a pouched instrument rack or various instrument cassettes; microprocessor-controlled cycle times and temps; front fill and drain capabilities for fast draining of the reservoir

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T265-c
