Overall Length:

17.000 inches

Overall Height:

37.500 inches

Overall Width:

17.000 inches

Product Name:

Thermoregulator patient blanketrol iii device code 10414

Special Features:

Heater power 800.0 watts; water flow indicator; pre-heating or pre-cooling; communications port usb 2.0; patient temperature set point range 30.0 degrees c to 40.0 degrees c; flow rate 42 gph; reservoir capacity: 2 gallons; weight: 131 lb empty, 147 lb full

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
