Voltage Rating:

230.0 volts and 120.0 volts

Material And Location:

Plastic fabric or metal frame

Unit Type:

Electric and manual

Power Source:

Cord

Special Features:

3section hi lo table class1 type b. 230 volt 50 60hz, 120 volt 60 hz. Posternal attachment optional. Height 965mm, low 457mm. Head section ascending +40 degrees, descending -90 degrees. Lifting capaci type 180 kilo's. Hand or foot pedal operated, 2 wheels

Color:

Blue

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T265-h
