**Overall Length:**

3.375 inches

**Spring Loaded Feature:**

Included

**Design Designation:**

Castroviejo

**Scale Smallest Increment:**

1.000 millimeters

**Graduation Interval:**

0, 5, 10, 15, and 20 mm graduation markings

**Point Type:**

Sharp

**Measurement Range:**

+0.000/+20.000 millimeters

**Scale Marking Location:**

Both sides

**Product Name:**

Caliper eye castroviejo 3.375"lg measures 0-20mm sharp point

**Special Features:**

For measuring orbital distances

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T146-f
