Basic Material:

Cellulose acetate

Bridge Width:

24.0 millimeters

Eye Wire Maximum Horizontal Inside Diameter:

50.0 millimeters

End Piece Type:

7 barrel

Product Name:

Front spectacle 24mm bridge 50mm diameter cellulose acetate b16

Special Features:

Female style; opaque in color; safety bevel

Color:

Black

Style Designator:

Keyhole bridge with rigid nose pads

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T146-h
