Diameter:

71.0 millimeters

Material And Location:

Plastic bifocal

Additional Power Rating In Diopters:

2.500 bifocal

Reading Segment Diameter:

28.0 millimeters

Reading Segment Height:

19.0 millimeters

Light Transmission:

Untinted

Product Name:

Lens blank ophthalmic bifocal semifinished plas 6.5diopter cr-39

Special Features:

6.50 diopter base curve; cr-39, convex; index rfraction 1.498 on carrier lens

Style Designator:

Round with straight top bifocal segment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22000
