**Identification Designator:**

Automated blood collection system

**Sterility:**

Sterile

**Usage Design:**

Platlet, plasma, rbc collection

**Product Name:**

Trimal accel collection system

**Special Features:**

Customized collection system based on donor physiology and blood center needs

**Functional Description:**

Online, automated centrifuge - seperates whole blood into leukoreduced componets

**Special Markings:**

Ispt/ean

**Relationship To Similar Equipment:**

Same as 717-800-400 except ispt labeled

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23800
