**Physical Form:**

Lyophilized

**Protective Storage Feature:**

Requires refrigeration between 2 degrees to 8 degrees c

**Primary Container Type:**

Tube

**Primary Container Content Quantity:**

5.000 milliliters

**Total Primary Container Quantity:**

10

**Product Name:**

Coagulase plasma lyophilized reconst to 15ml f/direct tube 5ml10

**Special Features:**

Reconstitutes to 15 ml; for direct tube method

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A10000
