Coagulase Plasma - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6550-01-158-1182

Physical Form:
Lyophilized
Protective Storage Feature:
Requires refrigeration between 2 degrees to 8 degrees c
Primary Container Type:
Tube
Primary Container Content Quantity:
1.000 milliliters
Total Primary Container Quantity:
10
Product Name:
Coagulase plasma lyophilized reconst to 3ml f/direct tube 1ml10s
Special Features:
Reconstitutes to 3.0 ml; for direct tube method
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10000
