Coagulase Plasma - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6550-01-185-3311

Physical Form:
Lyophilized
Protective Storage Feature:
Requires refrigeration between 2 degrees to 8 degrees c
Primary Container Type:
Tube
Primary Container Content Quantity:
2.500 milliliters
<b>Total Primary Container Quantity:</b>
10
Product Name:
Coagulase plasma 2.5ml tube 10 tubes per package
Special Features:
Reconstitutes to 7.5 ml; for direct tube method
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10000
