Usage Design:

Determination staphylococcus

Test Capability Quantity:

25

Protective Storage Feature:

Requires refrigeration between 2 degrees to 8 degrees c and expiration dated

Product Name:

Test kit staphylococcus determination 25 tests

Component Breakdown Within Each Test Kit:

25 biochemical strips; one 5ml bt straph-ident reagent 25 trays; 35 lids

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
