Usage Design:

For identification bacteria which produce phenylalanine deamerase

Primary Container Type:

Ampul

Primary Container Content Quantity:

0.500 milliliters

Total Primary Container Quantity:

50

Product Name:

Ferric chloride sol ampul .500 ml 10 percent ferric chl 50's

Special Features:

10 percent ferric chloride

Supplementary Features:

Medsep item for dod, marion merrell dow

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10000
