Physical Form:

Liquid

Usage Design:

For slide-type and dry chemistry test procedures

Primary Container Type:

Vial

Primary Container Content Quantity:

10.000 milliliters

Total Primary Container Quantity:

4

Product Name:

Reference standard sol sodium potassium chloride&co2 10ml vial4s

Special Features:

SHAL-LB-ECO-MPAT

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10000
