Usage Design:

Detects streptococci groups a, b, c, d, f, and g

Test Capability Quantity:

50

Protective Storage Feature:

Requires refrigeration between 2 degrees to 8 degrees c

Product Name:

Test kit streptocci groups a b c d f g detection qs 50 tests

Component Breakdown Within Each Test Kit:

2one 1.2 ml bt group a latex; one 1.2 ml bt group b latex; one 1.2 ml bt group c latex; one 1.2 ml bt group f latex; one 1.2 ml bt group g latex 2 bottles extraction enzyme; one 2 ml bt positive control; 260 mixing sticks; 51 disposable slides

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510v0
