**Usage Design:**

Detects streptococci groups a, b, c, d, f, and g

**Test Capability Quantity:**

50

**Protective Storage Feature:**

Requires refrigeration between 2 degrees to 8 degrees c

**Product Name:**

Test kit streptocci groups a b c d f g detection qs 50 tests

**Component Breakdown Within Each Test Kit:**

2one 1.2 ml bt group a latex; one 1.2 ml bt group b latex; one 1.2 ml bt group c latex; one 1.2 ml bt group f latex; one 1.2 ml bt group g latex 2 bottles extraction enzyme; one 2 ml bt positive control; 260 mixing sticks; 51 disposable slides

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A510v0
