**Physical Form:**

Gelatin

**Protective Storage Feature:**

Requires refrigeration between 2 degrees to 8 degrees c

**Primary Container Type:**

Tube

**Primary Container Content Quantity:**

4.000 milliliters

**Total Primary Container Quantity:**

10

**Product Name:**

Culture medium triple sugar iron agar 4ml tube 10 tubes/package

**Special Features:**

16 x 102 mm size tubes; slants

**Supplementary Features:**

Medsep item for dod, becton-dickinson

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A10000
