Usage Design:

Salicylate testing

Test Capability Quantity:

333

Protective Storage Feature:

Requires refrigeration between 2 degrees to 8 degrees c

Component Breakdown Within Each Test Kit:

Ten 5 ml salicylate enzyme reagent (800 units/l); ten 5 ml salicylate madh reagent (0.6 mmol/l); one 15 ml salicylate standard (1.5 mmol/l)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
