Urine Chemistry Control - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6550-01-319-4027

Physical Form:
Lyophilized powder
Usage Design:
For evaluation of various test methodologies
Derivation:
Human
Primary Container Type:
Bottle
Total Primary Container Quantity:
4
Product Name:
Control urine chem normal lyophilized powder 15ml reconst bt 4's
Special Features:
15 ml per bottle after reconstitution; normal
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10000
