Physical Form:

Lyophilized powder

Usage Design:

For evaluation of various test methodologies

Derivation:

Human

Primary Container Type:

Bottle

Total Primary Container Quantity:

4

Product Name:

Control urine chem normal lyophilized powder 15ml reconst bt 4's

Special Features:

15 ml per bottle after reconstitution; normal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10000
