Physical Form:

Gelatin

Protective Storage Feature:

Requires refrigeration between 2 degrees to 8 degrees c

Primary Container Type:

Tube

Total Primary Container Quantity:

20

Product Name:

Culture medium brain heart infusion agar gel 20x113mm tubes 20's

Special Features:

W/5% sheep blood; 20 x 113 mm size tube

Supplementary Features:

Medsep item for dod, remel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10000
