Physical Form:

Liquid

Usage Design:

Control used w/glucometer ii glucose monitor to verify low levels of blood sugar for diabetes

Primary Container Type:

Vial

Primary Container Content Quantity:

5.000 milliliters

Total Primary Container Quantity:

2

Supplementary Features:

Medsep item for dod, miles inc, diagnostics div

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10000
