Usage Design:

Enzymatic, alcohol test; range 10-150 mg/dl

Test Capability Quantity:

100

Total Primary Container Quantity:

100

Product Name:

Test kit alcohol determination disp sufficient for 100 tests

Test Media:

Saliva

Component Breakdown Within Each Test Kit:

1 test device; 1 collector; 1 dessicant pack

Special Features:

Each individual, povch is disposable and hermetically sealed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
