Usage Design:

For use w/abbott tdx/flx analyzer

Test Capability Quantity:

100

Protective Storage Feature:

Requires refrigeration between 2 degrees to 8 degrees c

Product Name:

Test kit salicylate determination test capabilityquantity type 100

Component Breakdown Within Each Test Kit:

1 reagent pack; 100 sample cartridges; 100 cuvettes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
