**Usage Design:**

For tdx/flx platform

**Test Capability Quantity:**

100

**Protective Storage Feature:**

Requires refrigeration between 2 degrees to 8 degrees c

**Product Name:**

Test kit phenobarbitol determination test capability quantity100

**Component Breakdown Within Each Test Kit:**

1 reagent pack; 100 sample cartridges; 100 cuvettes

**Special Features:**

Phenobarbital ii

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510v0
