Usage Design:

Human chorionic gonadotropin determination

Test Capability Quantity:

40

Product Name:

Test kit human chorionic gonadotrophin determination 40 tests

Test Media:

Serum or urine

Component Breakdown Within Each Test Kit:

1 test receptacle; 1 pipet

Special Features:

Use nsn6550-01-376-6514 to order control for serum and nsn6550-01-376-6513 to order control for urine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
