End Application:

Blood reagent, beckman instruments incorporated, synchron delta c-3, 4, 5 or 7 and 4, 5 or 7 with 4.0 software

Unit Package Quantity:

3

End Item Source:

64595

Disposition After Initial Use:

Nonreusable

End Item Name:

Blood chemistry

Special Features:

2000 millimeter bottle units; ise reference solution

Security Classification:

Unclassified

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
