Urine Chemistry Control - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6550-01-452-5469

Physical Form:
Liquid
Usage Design:
For marijuana testing
Primary Container Type:
Vial
Special Features:
75 nanogram/per military concentration; runs control on instrument to see if it is working right; the urine control
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10000
